<b>Other information</b>	 <p><i>I have been a Governor for over 25 years, since I was appointed Parent Governor when my girls were at Sacred Heart. At the end of my 3 year term I was appointed Foundation Governor. Although I have served on all the committees over time I am presently Vice-chair of Governors and Chair of Finance &amp; Staffing. I serve on Admissions, Performance Management and attend Curriculum to ensure we are fully up to speed with planning and children's progress/behaviour. I am attached to Y2 as their class Governor- we move up with our classes on a yearly basis- and my special interest is Science. Fundraising has been very much a part of my life in school and I was on the building committee when we amalgamated the infant and junior school in the mid 90's. Ongoing Governor projects and the fundraising support of parents, carers and friends have given us a school environment we can be proud of and fit for the 21<sup>st</sup> century.</i></p> <p><i>In my professional career I started life as a Research Scientist with the United Kingdom Atomic Energy Authority. Withdrawal of Government funding meant a change of career into IT/Graphics, which lead me to becoming the Graphics Manager. I have been running my own business for the past 15 years. Sacred Heart has a dedicated Governor Body, which enjoys a good working relationship with our Head teacher. The high level of commitment from Miss Morrow, staff, parents and carers ensures that our pupils at Sacred Heart can achieve their full academic and personal potential in a positive, happy, safe and nurturing environment.</i></p>
