

## Key Stage 1 Arts Spring Term 2017

### This term, Year 1 have learned about Special Journeys

Year 1 watched a video extract showing the moon landing. They selected instruments to represent the astronauts feeling when they took their first steps. They experimented with different timbres made by the instruments and selected combinations of sounds to create their own composition.

Using fair-trade coffee, the children dyed a sheet of paper and wrote their own message in a bottle. They explored journeys in paintings such as those depicting George Stephenson's railway.

### This term, Year 2 studied the theme 'Fire'

The children in Year 2 have used a range of materials to create ice and fire collages and have mixed their own paint using hot and cold colours.

They looked at the designs for the historical building St Paul's Cathedral and created a charcoal drawing, investigating its possibilities trying out different techniques

They have learned old rhymes from the time of the Great Fire and composed their own Fire Music.
