

Celebrating our rich and diverse curriculum

Lockerbie 2018

February 2018

Year 5 have spent three days up in Lockerbie, Scotland completing a number of outdoor challenges including abseiling, obstacle course, orienteering and more!

A chance also for some independent living with two sleepovers! Staff were impressed by the strengths of character shown by our pupils, including resilience, teamwork and courage to try new skills....some at height!

Plenty of muddy washing and some tired eyes but it was worth it!
