

Atherton Sacred Heart RC Primary School

British Values Statement

By teaching Christian and British values to our children, it is our intention that they will go out to be the responsible and sensitive citizens of the future.

The values we promote are about:

- Individual liberty - freedom for all
- Law - rules matter
- Democracy - making decisions together
- Respect and tolerance for all

Christian and British values are embedded in our ethos, the day to day life of the school and are taught across the curriculum in many different ways.
