

Diversity and Tackling Homophobia in Primary Schools

It is ok

To say the word 'gay'

As long as you are using it

The correct way.

*After watching the play 'Happily Ever After', Y4 – Y6 were asked:
What would you do or say if one day, a friend tells you that he or she is gay?*

The children of Sacred Heart have mature and sensitive answers:

"Don't worry; it won't affect our friendship".

"So what if you are gay...you are still you".

"Don't worry if people don't understand; be proud of who you are".

"Embrace it and if someone calls you names don't let it get you down".

"Just be yourself".
