Strength of Character of the week

## friendship

In this age of easily accessible mobile technology, it seems that we can have and do anything, 'on the go', at the click of an icon: shop, book tickets, on demand tv etc... On Facebook, even friends can be added and deleted in a click! But we know that friendship is not so quickly made and broken or so easily controlled.

Friendship is a journey that often needs to be worked at. It is a way of interacting with the people around us. Friendship is a responsibility and those that are good at it make a real difference by bringing people together.

We pray that the children of Sacred Heart can take the gift of friendship out into the world:

- that they will use their eyes to see not only their friends but those around them who need a friend
- that they will use their mouths to speak kindly to those around them
- that they will be first to offer a hand of forgiveness when things go wrong
- that they will use their hearts to feel the joys and upsets of others; a heart like a cup overflowing with friendship

In a world that easily ensnares us to put ourselves first; to put ourselves on a pedestal, the gift of friendship is transforming!

Thank you to Emre for donating his Grand National winnings to CAFOD [£10 for 50p each way on Last Samuri].
