Strength of Character

Curiosity

Curiosity is the root of all learning! The more questions we ask, the more we will find out.

Some of the questions on our mind today:

*What is in space? What do aliens look like?
Why are some children rich and some poor?
Do wolves live in Atherton?
How far is it to heaven?
What is under concrete?
Why are biscuits so yummy?
Where do seeds come from?
What is water made from?
How old is the universe?
How many people live in Europe?
When is the next blood moon?
Is God real?
Will civilians be able to go on holiday to space?
How is chocolate made?
Why does the moon change shape?
How far is it to the sun?
Are there snakes in England?
How many people live in the world?
Why did it snow last weekend?*
