## PE & Sport Grant Expenditure 2016-2017

**Estimated Funding: £8930**

The government has continued to provide £150 million of funding to primary schools for the 2016/17 academic year. This funding is provided in partnership with government departments such as the Department for Education, Health, Media and Sport. The money is distributed directly to schools to spend on improving the quality of PE and Sport for their children.

### Purpose of the Funding

Schools will have to spend the sport funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this. Possible uses for this funding are as follows:

- ✓ Staff Development: Hiring specialist PE teachers or qualified coaches to work alongside teachers when delivering PE or Sports.
- ✓ New or additional sports clubs.
- ✓ Providing cover for teachers to access professional development in PE and Sport.
- ✓ Increased participation in sports outside of normal school time.
- ✓ Provide existing staff with resources to help them teach PE and Sport more effectively.
- ✓ Introduce new sports and activities that encourage more pupils to take up sport.
- ✓ Develop or add to the PE and sport activities that school already offers.

The table below details how we intend to spend our PE and Sports funding:
