

Celebrating our rich and diverse curriculum

STOMP

9th March 2017

On 9th March, Pete Francis visited Sacred Heart with a workshop called STOMP. Pete was part of the original cast of STOMP, performing with the show for 8 years. He is a classically trained dancer so it was good to have a male role model in school for this subject area. Each class learned Stomp sequence then, working in groups, composed their own! One of the main features of Stomp is body percussion so plenty of claps, stamps, slaps etc... Very entertaining!
