

Reception Spring One

Imaginative Play

Dinosaur Hunt

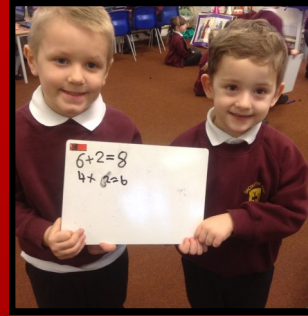

Sorting and Classifying

In our class we have been learning about
Dinosaurs - ROOOOAAAARRR!

TOPIC

MATHEMATICS

In Mathematics we have been developing our number skills - we really enjoy taking part in our daily TEAM challenges.

We have also been learning about 2d and 3d shapes. We like to use shapes and objects to make repeating patterns. We are getting very good at this!

LITERACY

During Literacy lessons we have been practising our writing. We have been using our Letters and Sounds learning to help us write sentences and make phonic attempts at longer words. It can be a little tricky but Miss Worrall tells us that if we practise in the writing area it will get easier.

We are just about ready to move onto Phase Three of Letters and Sounds. We cannot wait to learn some more new sounds.
