

Celebrating our rich and diverse curriculum

H2O

15th December 2016

On 15th December, Y3 performed the show 'H2O' under the direction of Yvonne Gerrard. We saw water presented in many forms: steam, rain, ice, clouds and snow. The audience were entertained by the cast having so much fun with water: snow ball fights, ice skating, jumping in puddles and more! Some really memorable songs and characters including 'Jacky Jacky Jack Frost' and who could forget the amazing synchronized swimming scene! Congratulations Y3!
