

Celebrating our rich and diverse curriculum

The Pop Project

Monday 31st January 2017

January ended with a visit from the Pop Project. A British Values workshop covered key themes such as democracy, law, freedom and of course, respect. At Sacred Heart, we respect everyone regardless of difference! It was also good to listen to some traditional folk music from British Isles countries: England, Ireland, Scotland and Wales. And all this through some very catchy music that got the whole school up singing and dancing, including the staff!

We look forward to another visit from the Pop Project next year.
